

# FIRE MANAGEMENT SOLUTIONS

**Holistic service offering. Tailored solution. Expert delivery.**

Failure to adequately identify, mitigate and manage fire risks poses not only a direct threat to life, property and information but may also result in innumerable indirect consequences such as reputational damage and increased insurance premiums. Thorburn Specialised Services has the service offering, expertise and experience to effectively manage your fire risk.

## THE CHALLENGE

**Fire poses the greatest 'single event' risk to any organisation and studies have revealed that more than 60 percent of businesses that experience a major fire disaster either never reopen or close within two years. Managing fire risks appropriately, poses several challenges:**

- Understanding statutory and regulatory obligations regarding fire risk management
- Appropriately identifying and assessing fire hazards
- Developing a comprehensive fire management plan
- Identifying, sourcing and installing the appropriate type of fire management equipment
- Inspection, servicing and maintenance of fire systems and equipment
- Statutory firefighting and awareness training

## THE BENEFITS

- Fully Accredited
- End-to-end solution
- Innovative technology
- Integrated systems design
- 24/7 Off-site monitoring capability
