

INTEGRATED FACILITIES MANAGEMENT SOLUTIONS

Proactive. Compliant. Secure.

NATIONAL CONTROL AND COMMAND CENTRE

At a time when businesses need to review their costs while shifting towards a more digitally enhanced workplace, it makes sense to look to technology for an intelligent remote-monitoring system that is cost effective, increases efficiency and mitigates risk.

As experts in integrated Facilities Solutions, Tsebo has launched a state-of-the-art national control centre to transform its operations by offering customers real-time access to performance dashboards allowing them to make quick decisions about their critical assets.

By centralising operations from our national control centres in Midrand and Cape Town, Tsebo's Integrated Facilities Management Solution can provide your business with an on- and off-site artificial intelligence (AI) monitoring platform to automate 24/7 remote surveillance of your premises, as well as alarm monitoring, IOT monitoring, fleet management, and more.

WE PROVIDE

A range of additional hard and soft integrated workplace management solutions can be tailored for complete data-centre facilities management, including:

-  **Hard services**
Maintenance and operation of the facility's technical infrastructure.
-  **Soft services**
Facilities Management related services within facilities that are not technical in nature.
-  **Business support**
Non-core but critical support services that include help desk, reception and switchboard among others.
-  **Space optimisation**
We create and maintain optimal workspaces by capturing and interpreting data related to floorplan and spaces in your environment

-  **Thorburn Security Solutions**
 - Manned guarding
 - Electronic security solutions
 - Remote monitoring
 - Early warning temperature detection thermal solutions
 - Risk consulting, fire management and medical response services
-  **Tsebo Cleaning and Hygiene Solutions**
 - Hospital level cleaning for all environments
 - Specialised cleaning and disinfection
 - Disinfection of critical touchpoints
 - Hygiene services
 - Pest control
-  **Tsebo Catering Solutions**
 - Commercial catering (Covid compliant)
 - Beverage solutions (hot and cold)
 - Prepacked nutrient rich meals
 - Online ordering app for on-site delivery
